Dear Joel,

Thank you for being the featured speaker at the Myopia Hunt Club "Thursday Night Lecture Series" on July 11, 2013.

This was the largest member turnout of the year due to your book, *Pro's Pros: Extraordinary Golf Professionals Making Golf Great*.

Your performance was polished and entertaining. With a confident and enthusiastic delivery you interjected funny ad libs involving the audience and your relevant observations on the state of golf were informative. The comments you made concerning me in one of the chapters of your book was appreciated and accepted with pride by the Myopia Hunt Club members.

Thank you for taking the time to sign autographs, answer member inquires and being approachable throughout and after dinner.

I wish you the utmost success with your book and speaking career.

Sincerely,

William H. Safrin
